

# COMPASSION & CARE

**At Napier Retirement Village we believe everyone deserves a rich and enjoyable retirement, every step of the way.**

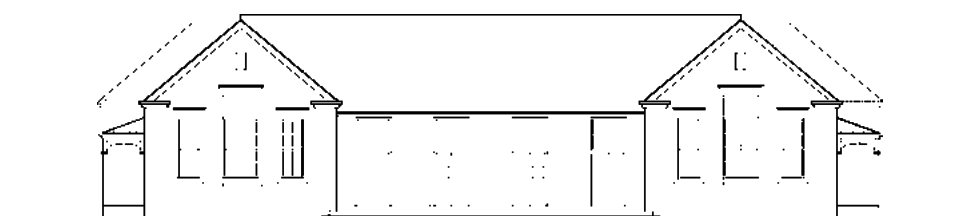

We now provide ASSISTED LIVING and FRAIL CARE services in our Courtyard apartments or in the frail care wards.

Our team of compassionate carers continuously monitor the health of our residents, ensuring their comfort and dignity, no matter what changes might arise. Medical intervention is close at hand and although the courtyard and frail care wards offer a quite refuge, the lounge, library, dining room and stoep are easily accessible for those wanting more social interaction.

**Courtyard apartments for sale from R250 000**  
**Medium care monthly levies from R6 570 per month**  
**Frail care monthly levies from R11 500 per month**

Set in the heart of the Overberg, Napier is an easy, scenic drive from Cape Town and offers visitors a lot to explore. From restaurants and wine farms to hiking, biking and beautiful beaches close by, Napier is the perfect retreat for visiting families and friends.

**Napier Retirement Village provides various lifestyle options, from independent, private living in the cottages, to the best full time care.**
